

Colehill Resilience – Shopping Guidance

General Guidance

The Government's latest [social distancing guidance](#) must be followed at all times:

- You should stay alert when you leave home: washing your hands regularly, maintaining social distancing, and ensuring you do not gather in groups of more than two, except with members of your household or for other specific exceptions set out in law.

Local Shops

We are fortunate to have a range of local convenience stores within Colehill, all of which are well stocked and working hard to support us. Most residents live within easy walking distance of at least one of these shops, so please use them where you can for all your essential shopping, to reduce the number of car journeys being made.
